Regarding Docket No. DOT-OST-2018-0210, Request for Comments: V2X Communications

Dear Madam Secretary:

Recommend that the law enforcement community (such as International Association of the Chiefs of Police) and Governor's Highway Safety Association be included in consultation with the V2X initiative
(See <https://www.ghsa.org/sites/default/files/2017-01/AV%202017%20-%20FINAL.pdf>)

Vehicle-to-Everything (V2X) communications should include interface with law enforcement (LE) and security infrastructures. V2X interface could include options for LE ability to interact and command (if necessary) the vehicle.

Respectfully,

SWKorns
