

Comment from Gopinath Lakshmi Narasimhan

Dear NHTSA,

Firstly, I appreciate your intervention and the probe.

I own a 2009 Chevy Avalanche and live in California.

Please conclude this saga and help owners like me drive in peace.

At least have GM make replacement airbag units available for purchase by customers.

If the ruling finally so happens that GM needs to do the recall free of cost, let them refund charges customers incurred upon paying for the replacement airbags.

Thanks,
Gopinath
