Re: Docket NHTSA-2015-0101

Pursuant to American Honda's "Commitment to Advancing Automatic Emergency Braking Technology" (the "Commitment"), American Honda submitted its annual report to the docket on October 31, 2018, stating that automatic emergency braking technology conforming to Sections 1.A and 1.B of the Commitment was offered as standard equipment on 59.7% of light duty vehicles and trucks 8,500 lbs. GVWR or less manufactured for sale in the United States from September 1, 2017 through August 31, 2018.

American Honda hereby supplements the October 31, 2018 report to include the overall percentage of vehicles equipped with automatic emergency braking technology (either as standard or optional equipment) is 61.1%.

Please contact me if you have any questions on this matter.

Sincerely,

AMERICAN HONDA MOTOR CO., INC.

John Turley
